

List of Technical Award Engineers of 66th JEMA of 2017

Heavy Electrical Category			
Prize	Subject	Division	Name
Excellence Award	Development of "Center Magnet Type" compact, lightweight, highly responsive, new-design linear servo motor	Servo Systems Div., Design Dept. 1 Servo Systems Div., Design Dept. 1	Akihiko Takahashi Yasushi Misawa
Encouragement Award	Development of an outdoor UPS using LIB	Power Systems Div., Design Dept. 2 Power Systems Div., Design Dept. 2	Hitoshi Yoshiike Takeo Murai
Encouragement Award	Development of a 4-axis integrated type closed loop stepping driver	Servo Systems Div., Design Dept. 2 Servo Systems Div., Design Dept. 2	Masao Nagasato Ryuichi Yanagisawa
	Development of a PWM controller	Cooling Systems Div., Design Dept. Cooling Systems Div., Design Dept.	Shuji Miyazawa Masashi Murakami
	Development of a high airflow, high static pressure 92 x 92 x 76 mm counter rotating fan	Cooling Systems Div., Design Dept. Cooling Systems Div., Design Dept.	Akira Nakayama Atsushi Yanagisawa
	Development of a frequency feedback method type PV inverter with step injection	Power Systems Div., Design Dept. 1 Power Systems Div., Design Dept. 1	Akinori Matsuzaki Tetsuya Matsuzawa
Manufacturing Category			
Prize	Subject	Division	Name
Encouragement Award	Construction of a high-quality manufacturing line optimal for large printed circuit boards	Servo Systems Div., Production Dept. 2 Servo Systems Div., Production Dept. 2	Yoshitomo Kuwabara Masami Fukai
Committee activity division			
Prize	Subject	Division	Name
Excellence Award	Activities concerning remote control of distributed generation resources	Power Systems Div., Design Dept. 1 Power Systems Div., Design Dept. 2	Masahiro Inukai Makoto Kitazawa
